In response to the items pertaining to me in your order to show cause in preparation for the initial hearing on July 9th 2013 at the Division of Securities offices in SLC I respectfully submit the following.

#5 - NEVER at any time did I act as an agent of Blue Sovereign, Cartlan or any other company run by Brett Jason Cobb or Bradley Garth Green.

#7- Never at any time did I solicit any money from any investor in relation to Blue Sovereign, Cartlan or any other company run by Brett Jason Cobb or Bradley Garth Green.

#8- Never at any time did I offer any investors any opportunity to invest in any kind of "equity milling" programs, nor an emerald mine, nor Blue Soveren promisorry notes, nor any other investments opportunities from Brett Jason Cobb or Bradley Garth Green.

#9- Never at any time did I tell any investor they would receive monthly interest payments in any percentage nor do I know what types of notes (if any) were used in their transactions.

#10- I did participate as a client in some of the programs offered by Brett Cobb, Brad Green and Dan Flynn; where I lost my money and my credit and reputation were subsequently destroyed.

#12- As an investor I found this to be the case. I too received just a few interest payments but they soon stopped.

#16- I have no knowledge of what Cobb told his investors nor do I have knowledge of AB or their dealings with Mr. Cobb or anyone else. As to the reference to Cobb and I having paid some unnamed attorney $600,000 or any other amount of money, this is FALSE. Brett Cobb told me something similar when I became one of his and Brad Green's clients. Since I have never been an agent or employee of Mr. Cobb & Mr. Green, it appears that they were using my good name and reputation without my knowledge or permission to promote their business.

#19- Having never been an agent or employee of Cobb or Green, I never had any authority to act in any capacity with any of their investors. I have no recollection of having even met this "AB" person.

#29- I did meet Dan Flynn at the Amber Restaurant in Spanish fork in December of 2006 at the request of Carrie Cox Gunter. It was at their request not mine and I did not offer or solicit any investment opportunities having to do with Blue Sovereign, Cartlan or any other company run by Brett Cobb or Bradley Green.

#30- Carrie was working with the Franklin Squires group in Provo Ut. Where they promoted "equity milling" and Dan represented himself as not only a Real Estate expert but also told me that he ran a "Car Club" in Las Vegas and told me he wanted to offer his services. I told him I had no experience in Real

Estate Investing. Ms. Gunter told him I had just recently gotten involved in a "car club" and asked him how it all worked. Mr. Flynn said he had been trying to meet with the Franklin squires people and asked how to get in touch with the people I had become a client of so he could offer his services to them.

I am aware that Dan Flynn not only became an investor with Cobb and Green, but Dan Flynn also became an employee of theirs where they were paying him $10,000 per month.

I was happy to see Dan go to work for Cobb and Green because being from my home town, I could relate to him and I trusted him, however I did not solicit him nor did I have any knowledge of the details nor did I receive any pay for any of their business transactions.

31- I believe this is partially true, but I was not present for all of their discussions.

34- I believe this it true, but I don't recall which specific meeting we discussed my wife and I participating in a "car deal".

35- False

36- False

37- I had no knowledge of Cobb's judgements or past history and had no reason to tell Mr. Flynn about my Bankruptcy or civil Judgement

38- False

39- There were several times Dan Flynn called me and asked for a ride to Salt Lake since we both live in southern Utah county and I do remember dropping him off at a car dealership on one occasion, but I have no knowledge of any of whatever transactions may or may not have taken place. I was not involved in any way with them.

49- False, I have no knowledge of any Emerald Mine and certainly did not discuss an investment opportunity in one.

50- All FALSE

51- NA

52- False

53- False

70- False, I was in the front office at Cobb & Green's on two occasions when people showed up to meet with Cobb and or Green but when their discussion turned to business not pertaining to me I left.

71- I do not remember this specifically as it had nothing to do with me. I told everyone that I did not work for Cobb or Green and never participated in any of their internal company/client meetings.

ORDER

f. the reason why is simple, not only do I have no victims upon which I committed any crime or fraud; I myself am a victim of the very schemes and investment programs offered by Brett Cobb, Brad Green and their company. Although I was around when some of these things were apparently going on, I never solicited any investor nor acted as an agent or employee for Brett Cobb or Brad Green or any of their companies.

I understand and share in the pain and losses that these people have suffered as well as the need to be made whole. What I do not understand is how these good people can justify twisting the facts into wrongly accusing me of crimes which I did not and would never commit. I am an honorable man and want to see justice served. I hate thinking of myself as a "victim" but this whole ordeal has destroyed and continues to destroy my life in so many ways. I sincerely wish I had never met Brett Cobb or Brad Green and never wasted any of my time, money or any resources on them.
